SUBJECT.

Application of the Manager Kumasi Wa for the Grant of a license to import Sulphur from Madras.

General and Revenue Secretariat — Yest. File No. — of 1930.

Serial No.	
13	From the District Magistrate, Mysore Dt. No. 43. 152/30 d. 1.8.30. Forwards an application (addressed to the Govt. to the Resident in Mysore) from the Manager, Hunsur Works, Hunsur, praying for the grant of an import license to import 1 ton of roll sulphur from Madras and recommends that the prayer may be granted. The Dt Magistrate states that the prescribed fee of Rs. 5 received from the applicant which is kept in deposit in his office will be sent on receipt of a reply from this office. Yest with a draft for orders.

1 2 What are the rules regarding the 7.8.30 import of sulphur? Is the Indian Arms Act & rules thereunder. Also Mysore Arms Rules &

3 There are no rules regarding the import of sulphur in the Indian Arms Act & Rules & in the Mysore Arms Rules. Sulphur comes under "Explosives" (vide pages 396 of the Mysore Explosives Rules). According to Rule 23 of the Mysore Explosives Rules and Rule 35 of the Indian Explosives Rules (of 1914) a ~~possession~~ license is necessary for the possession of explosives but the District Magistrate has not demanded a possession license in this case. It is therefore for orders whether the Dt Magistrate of Mysore may be asked to send the necessary possession

Sulphur is not an "explosive" as defined in sec 3(1) of the Mysore Explosive Regn II of 1888 but it may be construed as such under sec 4(1)(a) of the Indian Explosives Act IV of 1884 if it is deemed to be covered by the words "and every other substance, whether similar to those above mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect". But in the present case the Honour works wish to import one ton of Roll Sulphur for being converted into Manure to their coffee Estates. Strictly speaking a licence for the import of Sulphur for Manurial purposes would not be necessary like taken out under the Explosive Regn & the Rules thereunder

The Dy Commr Mysore however forwards the applm and recommends a licence being obtained for the Company thro the Residency for the import of Sulphur May he be requested to state whether a licence for the import of Sulphur for Conversion as manure is necessary and if so under what authority, rule or Regn

K.P. 5/8/30

Sulphur comes under the definition of "Mining stores" in the Indian Rules (Hdg A) & under Rule 17 of these rules (B) read with section VII (C) a licence from the Resident is necessary to export it out of British India. Hence the fee of Rs 5 has to be paid to the British Indian Treasury. The Dy. Magte may therefore be requested to inform the applicant to submit his application on a British Indian stamp paper of the value of Rs 5 or a Mysore stamp paper of similar value purchased in the Cross station, Bangalore

Dear Sir,

We applied to the Deputy Commissioner, Mysore, on 17th July 1930 for a License to Import One Ton of Sulphur from Madras , which was required only for Manurial purposes. With this application we sent Currency Note of value Rs.5/-. We did not receive a receipt for this remittance or an acknowledgement to our application until we sent a reminder to the Deputy Commissioner dated the 31st July 1930, in reply to which the Deputy Commissioner informed us that he had forwarded our application to you for transmission to the Hon'ble the British Resident in Mysore, Bangalore his letter to this effect being dated 1st August 1930.

On 2nd of September 1930 we wired to the -- Secretary to the Resident in Mysore, Bangalore, to expdite this License, in reply to which he wires us that he has not yet received this application from you. We should esteem it a favour if you would kindly expedit the transmission of this application (at the same time altering the quantity from [illegible]n to TWO TONS, which is

Dear Sir,

We beg to inform you that under date the 17th of July 1930 we made application to the Deputy Commissioner, Mysore District, for the necessary License to import one Ton of Roll Sulphur for Manurial purposes only and -- enclosed in this application the necessary License fee of Rs.5/-. We did not receive a receipt for this remittan nor an acknowledgement of our application until we reminde the Deputy Commissioner under date the 31st July, when he replied under date 1/8/30 that he had forwarded the applic -tion to the Secretary to Govt., Law Department, Government of Mysore, for transmission to the Hon'ble the British Resident.

We heard nothing further and yesterday wired the Secretary to the Resident in Mysore, Bangalore, who replied to-day that he has not yet received our application from the Mysore Government, but that when he does, he will send us the License.

In this connection, we would point out that we are going in extensively on our Estates in Coorg for a Manure

Mixture which contains 2% of Sulphur and that our Manure programme requires at least some of this to be applied in early September, and therefore surely we were justified in anticipating being able to obtain the ingrediants if our application was made on 17/7/30? But we have not yet been able to obtain the License for the Sulphur owing to the inordinate delay caused by the Mysore Government, and our Manure programme is therefore completely upset and at least a portion of the area will have to be manured without this Sulphur content, which is highly vexatious.

May we request therefore that your Department approach the Mysore Government to avoid such unnecessary delays, which interferes not only with the Agricultural industry, but in this case at least put us to very considerable inconvenience, expense and interference with our business.

We have this day written to the Secretary, Law Dept., on the subject, but if we might so far impose upon you to suggest that if you ring up that Office on the Telephone, on receipt of this letter, matters might be still further expedited?

SIR,

With reference to your letter No.D. 2424/Gwl. 1-30-16 dated 29th August 1930 returning the application of the Manager, Hunsur Works for the grant of a license to import sulphur, with the direction that the applicant might be informed to apply on a B British Indian Stamp Paper of the value of Rs. 5/- or a Mysore Stamp Paper of similar value purchased in the C & M. Station, Bangalore, I have the honour to enclose herein a copy of the lette received from the Manager of the Hunsur Works to-day. As requeste therein I am sending herewith his application with a currency note for Rs. 5/-. British Indian Stamp papers are not available in the Hunsur Taluk and purchasing of a Mysore Government Stamp paper in the C. & M. Station entails great delay. The sum of Rs. 5/- is sent to you as suggested by you in your endorsement to the Manager. The Manager wants two tons of Roll Sulphur instead of one ton as asked for. So permission may be given for 2 tons. Necessary changes have been made in the application.

No. 1461 Enc. 2
144A-1920.

GEN. & REV. SECRETARIAT DEVELOPMENT BRANCH 3 SEP 1930 2573

From

Major G. Loch,
Secretary to the Resident in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments.

Bangalore, the 19th Septr., 1930.

Application of the Manager of the Hunsur Works for a license to import sulphur from Madras.

Sir,

I am directed to invite a reference to the correspondence ending with your letter No.Pol.298/Geol.1-30, dated the 12th September, 1930, and to say that a license for the import of two tons of sulphur from Madras has been sent to the Manager, Hunsur Works.

2. In this connection I am, however, to invite a reference to your letter No.Pol.278/Geol.1-30, dated the 5th September, 1930, in which it was stated that as the application was on plain paper and unaccompanied by the requisite fee of Rs.5/- the District Magistrate of Mysore had been requested to inform the applicant that he should apply on the proper stamp paper. I am now, in case the Government of Mysore wish to take any action in the matter of this delay, to forward a copy of a letter dated the 12th September, 1930, from the Manager, Hunsur Works, from which it appears that the requisite fee had been sent in the first instance on the 17th July, 1930. This seems to be borne out by their letter* of the 17th July 1930, which accompanied your letter No.Pol.298/Geol.1-30, dated the 12th September, 1930.

Copy enclosed.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

Through
The District Magistrate,
Mysore District,
M y s o r e.

Sir,

We have the honour to request that you will be good enough to let us have a License for importing *two tons ~~One-Ton~~ of Roll Sulphur from Messrs. Best & Co. Ltd., Madras.

This Sulphur is required by us very urgently for converting into Manure for application to our Coffee Estates in Coorg, and we shall be glad if you will kindly forward us the required License as soon as possible.

Enclosed we hand you a Currency Note for Rs.5/- (Rs. five only), being the required fee for this License, which we trust will reach you safely.

Thanking you in anticipation.

We have the honour to be,
Sir,
Yours faithfully,
THE HUNSUR WORKS,

Letter No.G, dated the 12th September, 1930, from the Manager, Hunsur Works, Hunsur, to the Secretary to the Resident in Mysore, Bangalore.

We have the honour to acknowledge with thanks the receipt of your letter No.7131/144A-1920 dated the 10th instant, and in this connection we beg to call your attention to the extract given below of a letter we received from the Secretary to Government, Development Department, Mysore State, Bangalore.

> "I am directed to state that your application was returned to the District Magistrate, Mysore, who was requested to inform you to resubmit the same on a non-judicial British India Stamp Paper of the value of Rs.5/- or a Mysore Government Stamp paper of similar value purchased in the Civil and Military Station, Bangalore. If neither of these papers are easily available, the sum of Rs.5/- in cash may be sent here along with your application"

How it can be expected that either of the Papers referred to can possibly be available in the Malnad area of the Mysore State, it is difficult to imagine, and we would call your attention to the fact that the sum of Rs.5/- in cash was sent by us in the first instance contained in our letter of application dated the 17th July, 1930.

Under the circumstances, there appears to be no reason whatsoever for the inordinate delay caused by the Mysore Government in transmitting this application to you, and in view of the very great inconvenience and interruption to our business caused thereby, we shall very much appreciate any steps that can be taken to avoid a recurrence.
